

**ENVIRONMENTAL POLICY STATEMENT**

Approved: *[Signature]*

Millgate Ltd. recognises it's responsibility towards the environment and issues this policy as a statement of management and employee commitment to seek continual improvement throughout our business operations to lessen our impact on the local and global environment by conserving energy, water and other natural resources; reducing waste generation; recycling and; reducing our use of toxic materials. To ensure effective management of its activities with the potential to affect the environment.

This policy is operational throughout the business and the key aims are:

- Being aware of how it's activities, products and services impact upon the environment, and is committed to complying with relevant environmental legislation and regulations and to other requirements to which the organisation subscribes
- Ensure compliance and support which has been identified, applicable to client and industry Company Standards, Statements, conditions and requirements
- Identifying objectives across the business aimed at continual improvement of its' environmental performance by building environmental considerations into its' decision-making processes and methods of operation, to minimise environmental impact, for the life cycle; of plant, equipment and other physical assets under its control and preventing pollution
- Specifically protecting the environment with reference to aspects of work activities that are environmentally significant
- Ensuring that all Millgate Ltd. activities and services, giving rise to significant environmental effects, at all sites are covered by this policy and that the policy is implemented, maintained and communicated to all employees
- Communicating this policy to its customers and the general public.
- Requiring its' suppliers and contractors to have a proper regard for Millgate Ltd. Environmental Policy for the goods and services they provide.
- Continually reviewing this policy in line with up to date guidance

Auditing and Environmental Risk Assessment will form the basis of our action planning and resource allocation. Performance standards and areas for improvement will be based on these foundations. Performance will be formally monitored on an annual basis. Risk assessments will be kept under continuous review.
